

CAR OWNERS MUST SPEND MUCH TIME IN STUDYING LAW

Drivers of automobiles and trucks will have to put in much time for the next few weeks studying the new traffic ordinance, if they expect to carry out all the new rules and regulations. The ordinance, passed on first reading by the city commission Tuesday afternoon, has an elaborate paragraph covering more than four newspaper columns and will make a booklet of probably 24 pages.

It supersedes all old traffic regulations, some of which, however, are retained. But there are numerous new ones which Commissioner Edgar and his staff, J. W. Turner, believe will materially reduce congestion in the downtown district and others which will minimize danger of accidents.

Revised regulations are included in the ordinance. The ordinance also empowers the police commissioner to designate streets and alleys, safety zones, taxi stands, and to fix the signals which drivers shall use.

The chief of police will have to put in his extra time in reading the ordinance, for he is required to generally supervise observance of all rules and regulations and to issue permits for any vehicle to make any deviation from the rules. Congestion in front of auto garages and repair shops is also prohibited and all cars being repaired must be inside the shops, leaving streets in front clear for traffic.

REX CLUB EXERCISES FEATURE PURIM FEAST

While religious celebration of the feast of Purim will be opened by Memphis of Jewish faith Wednesday, the social activities scheduled will be Sunday at the Rex club, when a program will be rendered by children under the direction of Mrs. J. J. Voss.

The festival of Purim is a time for charity and joy making and opens at sunset Wednesday, or as classified in the Jewish year, the 15th day of Adar. The orthodox fast is marked by the taking of "Hamantaschen" cakes made three-cornered to represent the hat of Haman, with a center of poppyhead seed, emblematic of charity and the kindness of heart.

The celebration is based on the Biblical book of Esther. Various exercises are scheduled at the synagogues, all of which will be carried out at the various local temples.

PEPPER TO SPEAK AT CHAPEL SERVICE

John R. Pepper will be the first speaker at the University of Tennessee's chapel hour service, which will be a regular weekly feature of the university work, beginning Wednesday under the auspices of the Y. M. C. A.

"Conditions in Belgium and France as I Have Seen Them" will be the subject of Mr. Pepper's talk. Last summer he spent several months in Europe as a member of the Methodist centenary commission sent there to report on plans for relief and mission work to be undertaken by the church.

Heretofore there has been no assembly meeting of the students at the university and the chapel hour will provide a means of bringing about closer relationships, it is believed. Each week some prominent citizen will be asked to speak to the students.

CLOSE ST. BRIGID'S JUBILEE SERVICES

Solemn high mass offered for the repose of the soul of the priest, sister and member of the order of the formal closing Tuesday of the celebration of the fiftieth anniversary of St. Brigid's Catholic church. The service began Monday.

Among those remembered were the Rev. Martin Walsh, the first pastor; the Rev. William Walsh, the Rev. John McFarlin and the Rev. George D. Murphy.

Solemn high mass was offered Monday for the living members of the parish with the Rev. E. J. Murphy, vicar-general of the diocese of Nashville, as the celebrant. The Rev. Basil Vogt, O.S.B., delivered the sermon.

FINISH BUILDINGS AT STANDING PINE

CARTHAGE, Miss., March 2 (Sp.)—The buildings at the Indian reservation at Standing Pine, in this county, are nearing completion, the contractor says that the teacher's home will be ready for the teacher and his family in two weeks. The school building will also be ready by that time. These are the best buildings in the county.

ASKS AUTO CHARTER.

Application for a charter for the Claypool-Jettison Motor company was filed Monday at the office of the county register. The company will be capitalized at \$100,000. A salesroom and service station will be established at 711 Union avenue. Incorporators are W. H. Claypool, H. J. Jettison, M. G. Bailey, J. J. Morgan and Phil N. Canale. Mr. Claypool and Mr. Jettison have been associated with the Memphis Motor company several years.

PLAN BANQUET.

Plans for the annual banquet of the Memphis Real Estate Dealers' association will be discussed Wednesday afternoon at 2 o'clock when the special committee appointed by John M. Dean, president of the association, will meet at the Chamber of Commerce. The date for the banquet has not been set, but will probably be held the latter part of the month. Members of the special committee are E. E. Rouse, chairman, Ernest Adams and E. A. Fassino.

PYTHIANS CELEBRATE.

The 48th anniversary of the order was celebrated Monday night by the Jonathan Wood lodge, Knights of Pythias, at the regular meeting held at 97 North Second street. Social and instrumental music comprised a program unusually pleasing, according to those present. Members of the Jonathan Wood lodge and their families were present.

Bungalows Sell While You Wait in Memphis Now

Having been transferred to another city, L. L. Kern dropped into the real estate office of Faxon & Co. Monday and listed his five-room bungalow at 1024 Greenwood street for sale. Two hours later the sale was closed. The bungalow was the place for \$3,000.

This is only an illustration of the strong demand for desirable residences that prevails in Memphis. Real estate men say that it is easier to find buyers than sellers.

Bungalow sales aggregating approximately \$50,000 in the Chandler subdivision of the Walter C. Ryndall subdivision are reported by Chandler & Ryndall, 805 S. Main.

39 Join Army During February

Thirty-nine of 44 applicants for enlistment in the regular army in Memphis were successful during February, according to the official report of the recruiting office. Of the applicants 32 secured service at Camp Pike, Ark., while others preferred the coast army posts. Recruits having special charms during the chilly days. The same number, 25, were accepted of 41 applicants in January.

DIES IN NEW MEXICO.

Otto L. Kestick, aged 27, died Sunday in Albuquerque, N. M., after a long illness, according to advices received in Memphis by his sister, Miss Marie Kestick. The body will be brought here for interment.

Mrs. Kestick, the mother of the deceased, was an aunt to Albuquerque when death came to the young man. Her funeral arrangements have been made. In addition to his mother and sister, he is survived by five brothers, W. M., Fred, Louis, Amiel and Henry Kestick.

Worn Out In Mind and Body

Your child is quick to observe disturbances in your mental attitude or physical condition. And when he asks: "What's the matter Daddy?" there's a tone of solemn anxiety in his little voice. The depression stamped upon you reflects intensely upon him because of his profound solicitude. He at once drops his playthings and rushes to your side, but his happy smile has disappeared and his buoyant spirits are gone—replaced by a countenance of worry and a bearing of hopelessness.

You owe it to the happiness and welfare of your family to keep trim in body and keen in intellect. You are the sun and the inspiration of their lives. Dark, threatening clouds hover over their heads the instant you show signs of being "out of sorts" or "under the weather." Don't imperil their future by neglecting your health.

Why do Children Fret at Night

GROWN-UPS, with their matured nerves, often fail to realize how slight disturbances break a child's rest.

It is no more natural for a child, than for its elders, to toss about half-awake a good part of the night.

When a healthy child shows a tendency to toss or whimper in its sleep, see if there isn't a slight squeak, rattle or unsteadiness in its crib.

Thousands of children have been benefited in temper, nerves and health by substituting a sturdy Simmons Crib for the antiquated, noisy sort of crib.

A Simmons Crib is really noiseless. It stands solid and firm—no rattle or sway to disturb the little sleeper.

Its big, easy-rolling casters appeal especially to mothers who know the annoyance of beds that are hard to move.

The Simmons Steel Crib illustrated is a splendid example of how the Simmons principle of *Built for Sleep* is applied to cribs.

Its parts are fitted as snugly and noiselessly as those of a Simmons Bed.

Drop side, affording easy access and perfect protection against falling.

Finished in smooth, satiny white, harmonizing nicely with modern nursery decorations.

The complete Simmons line embraces Beds in Enamelled Steel and in Lacquered Brass, Twin Beds, Springs, Day Beds, and Children's Cribs—*Built for Sleep*.

Featured by the leading merchants of this section—at prices little if any higher than ordinary merchandise.

And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time established beautiful and authoritative design in Metal Beds.
